

Our mission is to treat families like our own in a fun, safe, and trustworthy environment. Our number one priority is the safety and health of our patients, families and staff. This has not changed with the onset of Coronavirus.

With the recent events regarding the COVID- 19 we are asking for your help to maintain a healthy and safe environment.

The Center for Disease Control and Prevention (CDC) is recommending any patients, or accompanying family members, who are experiencing acute respiratory illness, including symptoms of fever, cough or shortness of breath within the last 14 days, to remain at home and to reschedule appointments. We also request if you have recently been exposed (within 14 days and have not been vaccinated) that you reschedule your appointment with us.

I due hereby understand the risks of receiving root canal therapy/treatment at this time, and will not hold Eastern Idaho Endodontics liable for possible contraction of COVID-19 — also know as the Corona Virus.

There is no penalty for canceling appointments so please let us know and we will be happy to reschedule.
